Rajshahi University of Engineering and Technology

Project Name: Exam Hall Management

Project Tasks:

Short description: This project is assigned me for managing exam hall and choosing inspectors to the distinct hall room and others customize systems.

=================Main tasks of my project will be like follows ============

❶ Design a good looking interface.

❷ Include all teachers name to the database. So there will be no necessary to manually input teacher name.

❸ Include exam hall associated to the semester exam.

❹ There will be online notice system. Admin can publish any notice to the official website.

❺ Select teachers' for duty in exam hall.

❻ Customize teacher selection: add new or remove old teachers.

❼ Printing system of the soft copy of teachers list.

❽ And others customize option for admin such that: selection of room number for exam, add new teachers , remove non available teachers etc.
